

TruCentive SWAG and Logowear Options

TruCentive offers a wide range of SWAG options to suit your branding needs, including apparel, accessories, and more. Most clothing items can feature either embroidered or printed logos, giving you flexibility in how your brand is represented. Products labeled with “All-Over” in the name allow for full-coverage printing, enabling completely custom designs from seam to seam. The listed base price low reflects the smallest size, while the base price high reflects the largest size—shipping and taxes are not included in these base prices. When curating your account specific size options to manage cost and colors are at your descretion to provide the optimal brand representation. Note that when items are added to your TruCentive account, all costs are included in the price shown within the incentive selector. Pricing is subject to change, but updates are always reflected in the selection interface—ensuring no surprises and full transparency.
